Autora: **Daniela García Díaz.** SINPROMI.S.L.

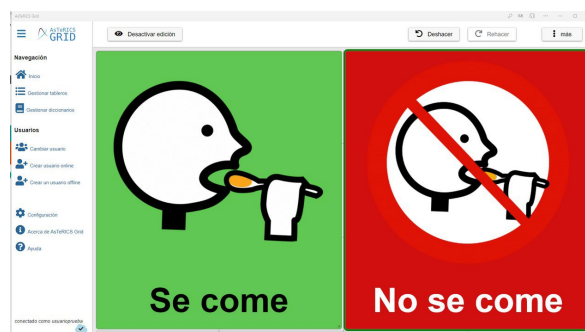

Objetivo:

A través de esta actividad se trabajará la elección y el razonamiento.

¿Cómo se realiza esta actividad?

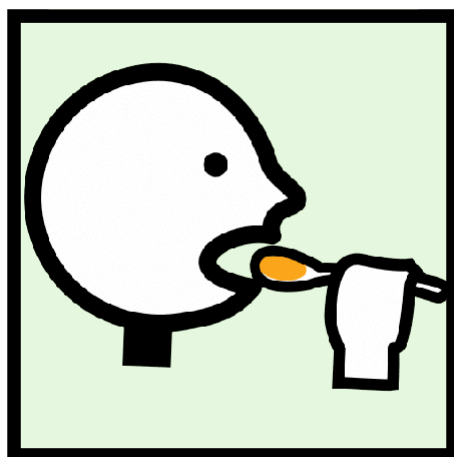

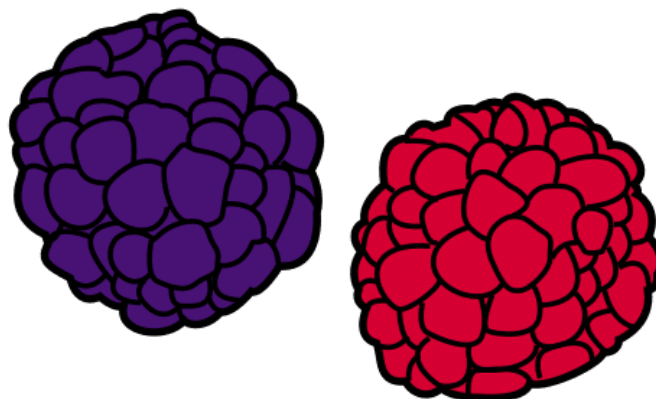

En cada diapositiva se presentan dos alternativas "se come" o "no se come" y el pictograma de un objeto o comida. El usuario deberá responder a la pregunta a través de su comunicador.

Adjuntamos un tablero de AsTeRICS Grid con las dos opciones de respuesta como apoyo.

Importar el tablero de AsTeRICS Grid en su dispositivo:

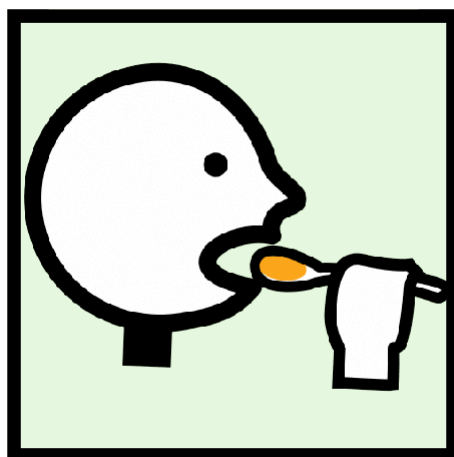

1. Descargar el archivo a través del ordenador.
2. Abrimos su usuario de AsTeRICS Grid y en el apartado "gestionar tableros" seleccionamos en la esquina superior derecha "más" y seleccionamos "importar tablero/s". Después seleccionamos el archivo y lo abrimos.
3. Seleccionamos el tablero "se come o no se come" y le damos a "mostrar" para visualizarlo.
